Product Description

TV Background Marble Wall Panels Environmentally Friendly New Material Bamboo Charcoal Co-Extruded Wood Veneer

Marble bamboo charcoal wood panels, the appearance of its texture texture and marble is exactly the same, is able to waterproof and moisture resistant wear and scratch resistant and easy to bend the edge of the decorative wood veneer panels. Bamboo charcoal wood marble wall panels are natural bamboo charcoal environmentally friendly panels, can do "no odor", completely eliminating the traditional decoration in the environmentally friendly, formaldehyde-containing drawbacks, bamboo charcoal wall panels due to the addition of bamboo charcoal components and thus have bamboo charcoal environmentally friendly features. This type of wall panel has several key features. Firstly, it is very durable, PET marble fibers are very strong and wear-resistant, able to withstand impacts and are not prone to scratches or dents. In addition, PET Marble Bamboo Charcoal Wall Panel has environmental protection properties, in which the use of bamboo charcoal veneer adds to the environmental friendliness of the wall panel, and also removes indoor odors, such as formaldehyde. The marbled fiber pattern and bamboo charcoal wood veneer give the wall panels a unique aesthetic that can add a touch of style and elegance to furniture, making them perfect for modern light luxury as well as a variety of other styles of decoration.
