## Product Description

### Export abroad Eco-friendly indoor wall decoration bamboo wood wall panel

Bamboo charcoal skin feel wood veneer is made by high-tech technology, it is a unique combination of bamboo wood fiber and new plastic, with recyclability and stability, providing the best choice of 100% environmental protection, waterproof/fireproof, flexible and non-deformation for interior decoration. Wood veneer surface feel delicate texture, like skin, warm in winter and cool in summer, and a variety of colors to suit the requirements of human habitation and ornamental needs, the use of skin feel wood veneer wall panels can add a sense of nature and warmth to the indoor space, so that people feel very comfortable and natural. Wood veneer is a kind of wood veneer decorative panels that can be wear-resistant and scratch-resistant and the edges are easy to bend, and can be installed directly on the blank wall, the construction is simple and convenient, and the maintenance is also very easy to save a lot of installation time. In the test of domestic testing organizations, the environmental grade of the board reached E0 level, and the flame retardant grade reached B level.

#### Specification

Item	Value
Material	Bamboo Charcoal Wall Wanel
Size	1220*2440/2600/2800/3000*5/8mm
Length	Customer's Demand
After-sale Service	Online technical support

#### Advantages
