Product Description

Modern Light Luxury Waterproof Wood Grain PVC Wood Veneer Wall Panels

Modern light luxury waterproof wood grain PVC wood veneer wall panel combines the charm of solid wood with the practicality of PVC (polyvinyl chloride). These panels consist of a thin layer of authentic wood planks with a waterproof PVC backing for increased durability and moisture resistance. Each panel showcases intricate patterns and grains, capturing the essence of a variety of wood species including oak, walnut, cherry and maple. Whether used as an accent wall or throughout a room, the woodgrain aesthetic can add a touch of sophistication and warmth to any space. Modern light luxury waterproof wood grain PVC wood veneer wall panels are designed with sustainability in mind. The wood veneers used in these panels come from responsibly managed forests or reclaimed wood, ensuring these panels do not contribute to deforestation. By choosing responsibly sourced materials, consumers can help protect natural ecosystems and support ethical wood harvesting practices.

Specification

| Item | Value |
|--------------------|--------------------------------|
| Material | Bamboo Charcoal Wall Panel |
| Size | 1220*2440/2600/2800/3000*5/8mm |
| Length | Customer's Demand |
