Product Description

Product Description:

With a width of 1.22m, the Bamboo Charcoal Wall Board is a perfect fit for any wall, providing excellent coverage that is both functional and aesthetically pleasing. The product is available in customized colors, providing you with the freedom to choose a hue that suits your interior design needs.

The Bamboo Charcoal Wall Board is also available in different lengths, including 2.44m, 2.6m, 2.8m, 3m, 3.2m, 3.4m, 3.6m, and customized lengths. This ensures that you can purchase a size that fits your wall measurements perfectly.

One of the most notable attributes of the Bamboo Charcoal Wall Board is its fire rating, which is Level B. This means that the product has been tested and certified to have a high resistance to fire, making it a safe and reliable product for your home or office.

Additionally, the use of Bamboo Charcoal Wood Veneer and Bamboo Charcoal Fiber in the production of the Bamboo Charcoal Wall Board gives it a unique texture that is both pleasing to the eye and touch. The skin texture gives the wall board a natural and organic feel, making it an excellent addition to any eco-friendly interior design.

In summary, the Bamboo Charcoal Wall Board is a high-quality product that offers excellent coverage and a unique skin texture that is both elegant and functional. With its fire rating of Level B, the product is a safe and reliable choice for any home or office. The product's availability in different lengths and customized colors ensures that you can purchase a size that fits your wall measurements perfectly while still maintaining your interior design needs.
