Product Description

□

Bamboo Charcoal Wood Veneer

Our Bamboo Charcoal Wood Veneer is a unique and eco-friendly product that combines the beauty and warmth of natural wood with the benefits of bamboo charcoal. This innovative wood sheet can be used as a wall panel, adding a touch of elegance and sophistication to any space.

Color Options

Our Bamboo Charcoal Wood Veneer is available in a variety of colors to meet our customers' specific requirements. Customers can choose from our color card or provide us with their desired color for a customized product.

Fire Resistance

Safety is our top priority, which is why our Bamboo Charcoal Wood Veneer is fire-resistant. It has been tested and proven to withstand high temperatures and reduce the spread of fire, providing peace of mind to our customers.

Thickness

Our Bamboo Charcoal Wood Veneer comes in two thickness options: 5mm and 8mm. This allows our customers to choose the most suitable thickness for their project, whether it's for a residential or commercial space.

Water Resistance

The combination of bamboo charcoal and wood makes our veneer highly water-resistant. It can withstand high levels of humidity, making it suitable for use in areas such as bathrooms, kitchens, and outdoor spaces.

Width

Our Bamboo Charcoal Wood Veneer has a standard width of 1.22m, making it easy to install and customize according to the needs of our customers. Its wide width also allows for a seamless and flawless finish on any surface.

Key Features

Bamboo Charcoal Wood Veneer: Add a Touch of Nature to Your Space

The Bamboo Charcoal Wood Veneer is a unique and innovative wooden decorative panel that is made from a combination of bamboo charcoal, bamboo wood fiber, PVC, and PET materials. It is designed and manufactured by ZhuoKang, a leading brand in the furniture industry in China.

With its environmental-friendly, natural, and durable features, the Bamboo Charcoal Wood Veneer is an excellent choice for interior design and decoration. It is perfect for both residential and commercial spaces, adding a touch of nature and elegance to any room. Moisture-proof and Fireproof

The Bamboo Charcoal Wood Veneer is known for its high moisture resistance, making it ideal for areas that are prone to humidity and moisture. It is also fire-rated as Level B, providing an extra layer of safety for your space.

Soundproof and Easy Installation

The bamboo charcoal fiber wall panel is not only aesthetically pleasing but also functional. It serves as a sound barrier, reducing noise and creating a peaceful environment. With its lightweight and easy installation process, it is a popular choice for DIY home improvement projects.

Versatile Application

The Bamboo Charcoal Wood Veneer can be used in various applications, making it a versatile choice for interior design and decoration. It can be used as furniture, wall paneling, and cabinetry, adding a unique and natural touch to any space.

Customizable Length

The Bamboo Charcoal Wood Veneer comes in standard lengths of 2.44, 2.6, 2.8, 3, 3.2, 3.4, and 3.6 meters. However, it can also be customized to fit your specific needs and preferences, making it a perfect fit for any project.

In conclusion, the Bamboo Charcoal Wood Veneer is a versatile, durable, and environmentally friendly product that adds a touch of nature and elegance to any space. With its easy installation, moisture-proof, and fireproof features, it is a popular choice for interior design and decoration. Choose ZhuoKang's Bamboo Charcoal Wood Veneer and bring the beauty of nature into your space.

Customization:

So why compromise on standard wall paneling when you can have a customized and eco-friendly solution with our bamboo charcoal wood veneer? Contact us today to learn more and start your journey towards a greener and more beautiful space.

Packing and Shipping:

Packaging and Shipping: Bamboo Charcoal Wood Veneer

Packaging:

Our Bamboo Charcoal Wood Veneer is carefully packaged in eco-friendly materials to protect the product during shipping and ensure its quality upon arrival. Each pack contains 10 sheets of veneer, with each sheet measuring 8 inches by 12 inches.

The veneer is first wrapped in a layer of protective paper and then placed in a sturdy cardboard box. The box is sealed with tape to prevent any damage or shifting during transportation.

We take great care in packaging our products to minimize any potential for damage and to ensure that you receive your Bamboo Charcoal Wood Veneer in perfect condition.

Shipping:

Our Bamboo Charcoal Wood Veneer is shipped from our warehouse within 1-3 business days of receiving your order. We offer both domestic and international shipping options to accommodate our global customers.

For domestic orders, we use reliable shipping carriers such as UPS, FedEx, or USPS. Shipping times may vary depending on your location, but you can expect your order to arrive within 5-7 business days.

For international orders, we use DHL or FedEx to ensure fast and secure delivery. Shipping times may vary depending on your location, but you can expect your order to arrive within 7-10 business days. Please note that any additional customs fees or taxes are the responsibility of the customer.

Once your order has been shipped, you will receive a shipping confirmation email with a tracking number so you can monitor the status of your delivery. If you have any questions or concerns about your shipment, please don't hesitate to contact us.

We strive to provide the best possible shipping experience for our customers and are constantly working to improve our processes and services. Thank you for choosing our Bamboo Charcoal Wood Veneer.
