Place of Origin: China

Our Bamboo Charcoal Wood Veneer is proudly made in China, where we have access to the finest bamboo and charcoal materials. Our production process follows strict quality control measures to ensure that our products are of the highest standard.

Material: Bamboo Charcoal, Bamboo Wood Fiber, PVC, PET

Our Bamboo Charcoal Wood Veneer is made from a combination of bamboo charcoal, bamboo wood fiber, PVC, and PET. These materials are carefully selected for their durability, eco-friendliness, and ability to enhance the natural beauty of bamboo. Our veneer is also free from harmful chemicals, making it safe for both humans and the environment.

Feature: Waterproof, Eco-friendly

Our Bamboo Charcoal Wood Veneer is designed to be both functional and environmentally friendly. It is waterproof, making it suitable for use in wet areas such as bathrooms and kitchens. It is also eco-friendly, as it is made from sustainable materials and does not release harmful toxins into the environment.

Function: Moisture Proof, Waterproof

The unique combination of bamboo and charcoal in our veneer makes it highly moisture-proof and waterproof. This makes it perfect for use in areas where traditional wood veneer may warp or get damaged, such as in humid climates or near water sources.

Style: Modern Luxury

Our Bamboo Charcoal Wood Veneer is designed to add a touch of modern luxury to any space. Its sleek and elegant appearance is perfect for contemporary designs, creating a sophisticated and upscale look.
