Product Description

Product Description:

The Bamboo Charcoal Wood Veneer is a decorative wall panel that is made from high-quality bamboo charcoal. This material is known for its durability and sustainability, making it an eco-friendly choice for those who want to reduce their carbon footprint. One of the great features of this product is its fire rating. The Bamboo Charcoal Wood Veneer has a Level B fire rating, which means it is resistant to fire and can help prevent the spread of flames. This makes it a great choice for commercial spaces that require fire-resistant materials.

The Bamboo Charcoal Wood Veneer comes packed with pallet+carton packaging that ensures safe delivery to your doorstep. This packaging also makes it easy to store and transport the product.

The Bamboo Charcoal Wood Veneer is versatile and can be used for a range of applications. It is ideal for use in furniture, wall paneling, and cabinetry. Its unique style will add a touch of luxury to any space, making it perfect for those who want to create a modern and sophisticated look.

If you are looking for a wall panel bamboo that is not only stylish but also functional, then the Bamboo Charcoal Wood Veneer is the perfect choice. Its water resistance and fire rating make it a practical option, while its modern luxury style adds a touch of elegance to any space. This wood sheet is a must-have for those who want to create a unique and sophisticated look in their home or office.

The Bamboo Charcoal Wood Veneer product comes with technical support and services that include:

Expert advice on installation, maintenance, and cleaning of the veneer

Assistance with product selection and customization

Technical support for any issues or questions that may arise during the use of the product

Access to online resources such as installation guides and FAQs

Product warranty and repair services

Our team of experts is available to provide you with the technical support and services you need to ensure the long-term performance and durability of your Bamboo Charcoal Wood Veneer product.

Packing and Shipping:

Product Packaging:

Each sheet of Bamboo Charcoal Wood Veneer is carefully wrapped in plastic to protect it from scratches and damage during shipping.

The veneer is then placed between two sturdy cardboard sheets to prevent bending or warping.

The cardboard sheets are then placed in a protective outer box for shipping.

Shipping:

All orders are shipped via standard shipping and should arrive within 7-10 business days.

Expedited shipping options are available for an additional fee.

We currently only ship within the United States.

Shipping costs will be calculated at checkout based on the weight of your order and your location.

You will receive a tracking number via email once your order has shipped.

FAQ:

A: The brand name of this product is ZhuoKang.

Q: What is the model number of this product?

A: The model number of this product is bamboo charcoal wood veneer.

Q: Where is this product made?

A: This product is made in China.

Q: What are the dimensions of this product?

A: The dimensions of this product vary depending on the size you choose. Please refer to the product description for more information.

Q: How is this product made?

A: This product is made by layering bamboo strips and charcoal powder with an adhesive and pressing them together to create a veneer. The veneer is then cut to size and can be used for a variety of applications.
