Product Description

Hot Sale Hotel Interior Waterproof Wood Grain Bamboo Fiber Wall Paneling

Waterproof Fireproof Wood Grain Bamboo Charcoal Wall Panels Whether used in a home, office or commercial space, these panels infuse a sophistication that goes beyond design trends. Activated carbon embedded in the bamboo fibers turns the panel into a natural air purifier, effectively removing pollutants, toxins and bad odors from the air. The advanced manufacturing process of wood grain bamboo charcoal wall panels creates a hydrophobic barrier within the panels, making them resistant to water intrusion. This feature not only prolongs the life of the panels, but also makes them ideal for moisture-prone areas such as bathrooms and kitchens. The inherent fire-resistant qualities of wall panels provide an extra layer of protection against the spread of fire, making them a valuable asset to residential and commercial spaces.

Specification

Item	Value
Material	Bamboo Charcoal Wall Panel
Size	1220*2440/2600/2800/3000*5/8mm
Length	Customer's Demand
After-sale Service	Online technical support

Advantages

Easy Installation, Environmental Protection, Flexible, Bendable, High Density, foldable. Fireproof + waterproof + Moisture-proof + anti-scratch + Sound-Absorbing, Mould-Proof. Lightweight. Clear textures, Variety of colours, etc.

Applications

Hotel/Villa/Apartment/Office Building/Bathroom/Dining/Living Room/Shopping Mall, etc.
