Product Description

Factory Pirce Environmentally Friendly Light Luxury Mirror Bamboo Fiber Wood Veneer

Bamboo charcoal wood mirror wall panels are natural bamboo charcoal environmental protection panels, which can be "odorless", completely eliminating the disadvantages of traditional decoration that are not environmentally friendly and contain formaldehyde. Bamboo charcoal wall panels have the characteristics of bamboo charcoal environmental protection because of the addition of bamboo charcoal components. The possibilities are endless with mirrored bamboo charcoal panels to create stunning accent walls that enhance the aesthetics of your decor, or use them to strategically reflect light and create a spacious ambiance in smaller rooms. Bamboo charcoal wood mirror decorative panels have good compressive strength and abrasion resistance, its durability is much higher than other man-made panels. The specific surface area of bamboo charcoal is more than 3 times that of charcoal, and its porous and dense structure can play a role in adsorption, decomposition of odor and deodorization of sulfide, formaldehyde and other harmful substances. In the test of domestic testing organizations, the environmental protection grade of the board reaches E0 grade, and the flame retardant grade reaches B grade.

Specification

Item	Value
Material	Bamboo Charcoal Wall Panel
Size	1220*2440/2600/2800/3000*5/8mm
Length	Customer's Demand
After-sale Service	Online technical support

Advantages
