Product Description

High-Quality Fireproof Solid Wood Hotel Theater Acoustic Sound-Absorbing Panels

Solid wood sound-absorbing panels, it is the perfect combination of acoustic function, elegance and safety. Improve the acoustic performance of hotel theaters while providing a luxurious ambiance and peace of mind through fire protection. Acoustic sound-absorbing panels are designed in refined solid wood to add a touch of sophistication and luxury to hotel theaters. The natural beauty of the wood enhances the beauty of the space, creating a warm and inviting atmosphere. Acoustic panels are specially designed to improve the acoustics of hotel theaters. By reducing sound reflections and reverberation, they help create a clear, immersive sound experience for audiences. Acoustic panels are fire resistant and provide excellent protection against potential fire hazards, keeping guests and property safe. Whether it is a hotel theater, conference room, or any other space that requires acoustic treatment, acoustic panels offer versatility in the application. They can be mounted on the wall or ceiling and blend seamlessly with the interior design. The panels are made from high-quality materials that will stand the test of time, ensuring long-lasting performance and durability.

Specification

Item	Value
Material	Bamboo Charcoal Wall Wanel
Size	1220*2440/2600/2800/3000*5/8mm
Length	Customer's Demand
After-sale Service	Online technical support

Advantages

Easy Installation, Environmental Protection, Flexible, Bendable, High Density, foldable. Fireproof + waterproof + Moisture-proof + anti-scratch + Sound-Absorbing, Mould-Proof. Lightweight. Clear textures, Variety of colours, etc.
