Product Description

Hot Sale Fire And Moisture Resistant WPC Slotted Panel Wood Veneer Wall Panels

Fire & Moisture Resistant WPC Slotted Panel Wood Veneer Wall Panels, Elegance & Protection In One, Wood Finish Made Of Wood Plastic Composite (WPC) Material, Enjoy The Additional Benefits Of Fire & Moisture Resistance, For An Attractive And Safe Indoor Solution plan. Wood veneer siding replicates the natural beauty of wood. Intricate textures and patterns add depth and character, elevating the aesthetics of spaces with a touch of warmth and sophistication. WPC Slotted Panel Wood Veneer Wall Panels are designed for safety, fire and heat resistance. The inherent properties of the material provide reliable protection against fire hazards and ensure the protection of interior spaces. WPC wall panels are designed to resist moisture and humidity and are moisture and mildew resistant. They are effective in waterproofing, preventing mold growth and ensuring the longevity of the walls. Built for durability and long-lasting performance. The slotted design adds a modern touch while remaining functional.
