Product Description

PVC Coated Water Ripple Eco-Friendly Waterproof Bamboo Fiber Wall Panels

PVC Coated Water Ripple Eco-Friendly Waterproof Bamboo Fiber Wall Panel has a delicate water ripple design that adds a touch of visual depth and appeal to walls. Unique textures create a mesmerizing effect that enhances the overall beauty of the space. The wall panels are made from eco-friendly bamboo fibre, which is both elegant and sustainable. The use of renewable materials is in line with modern concepts and has a positive impact on the environment. The wall panels are PVC coated for extra protection against moisture, ensuring excellent water resistance. The PVC layer also adds to the durability and ease of maintenance of the panels. Wall panels are designed for practicality and resist water and moisture. They are effective against water, ensuring long-lasting performance and preventing moisture-related problems, making them ideal for areas such as bathrooms and kitchens. The versatility of wall panels can be used in a variety of applications, from accent walls to entire room coverings, adding a touch of luxury and sophistication.

Specification

Item	Value
Material	Bamboo Charcoal Wall Wanel
Size	1220*2440/2600/2800/3000*5/8mm
Length	Customer's Demand
After-sale Service	Online technical support

Advantages

Easy Installation, Environmental Protection, Flexible, Bendable, High Density, foldable, Fireproof + waterproof + Moisture-proof + anti-scratch + Sound-Absorbing, Mould-Proof, Lightweight, Clear textures, Variety of colours, etc.

Applications

Hotel/Villa/Apartment/Office Building/Bathroom/Dining/Living Room/Shopping Mall, etc.
